WOODSTOCK, Sept. 13, 1881.

Mr. Editor: The Hon. John Goode in his speech here and on other occasions in alluding to the management of the penitentiary under the present superintendent saw proper to say that [the fact of the institution now being self-supporting was not owing to the able and energetic administration of the present superintendent at a head, but to the democratic Board of Directors and to the Governor. Now Mr. Editor in a heated political campaign one may make excuses for a great many hastily and in excitement uttered expressions, but I certainly do not think it is fair to deprive a competent and faithful officer of credit so justly earned by and due him though he be a headstrong. Now what are the facts? Up to Mr. Williams assuming control of this office (and by the way for which he never was candidate directly or indirectly) the penitentiary was an expense to the State to the amount of \$50 to \$60,000 dollars per annum. At this time Governor Holliday had been in office fully two years and the majority of the Board of Directors from five to six years. Yet during all this time the penitentiary was drawing on the State Treasury to the above amount. For he it was to take from members of the Board of Directors one parable of the credit due them or from the Governor any due him for they are all the friends of the writer and in their various official positions did to some extent assist the superintendent, in not only making the institution self-supporting but making it a source of actual revenue to the State, for had they made capricious and willful opposition to his business like system they might have prostrated his efforts, but as good business men when they received the superintendent's first report they at once saw, and will so openly admit, that they had the right man in the right place. They through him received more knowledge and information during the course of three months than they ever had during the period of five years. When the superintendent pledged himself that with their approval to his system of management and business arrangements he would make the penitentiary self-supporting in less than two years they bade him go on, and nobly he has redeemed his promise. He first told the Board of Directors that manufacturing on State account was a losing business to the State, he first told them that the contract system was the only safe system for the State. He was the first man to lay facts and figures before the Board and thus place them in possession of knowledge never granted them before, and through him the people of Virginia to-day have a proud institution that is paying them \$10,000 a year instead of costing nearly \$60,000. And in conclusion Mr. Editor I would say that perhaps there are a great many that would like to belittle his work, but don't let a great political party or its representatives lower themselves by depriving of credit any one who has so richly earned it, though he be our political opponent.

GOOD TRADE
—AND A—
FAIR COUNT.
This is our motto and we mean to stand to it, all we ask is just to call around to the new
"THREE STORY HOUSE,"
on the corner next the Court House and be convinced. It is not worth while for us to attempt to enumerate. We have a little, and not so little of everything you can possibly want. Of Men's goods we have an enormous stock all of the latest styles but with the good old time wear in it. Get a suit and you can
"BREAK THROUGH BRUSH"
without danger of RIP, TEAR, WEAR or CURL, and slide on the Cellar Door and laugh at splinters and nails. We have just in quantity every style of Ladies' goods, and at prices that can't be beat in the beautiful Valley of Virginia, or any other Valley. In Groceries we do claim a big thing, and if you call in we can prove it dead sure. If we have not what you want we can get it in almost no time. Sole agents for all cheap goods.
Clover & Magruder.
